PROFILE

Passionate Full-Stack Developer with expertise in React.js, MERN stack, UI/UX design, and building scalable web applications. Strong problem-solving skills and experience in optimizing web applications for performance and security.

EXPERIENCE

Web Development Intern | Luminar Technolab | Nov 2024 - Present

- Developed and optimized full-stack applications using React.js, Redux, and MongoDB.
- Designed and developed responsive UI/UX with Bootstrap & Tailwind CSS.
- Integrated APIs, improved database queries, and enhanced security.
- Collaborated on Agile projects, conducted testing, and optimized performance.

PROJECTS

Zynchr - HR Portal

- Employee management system with leave tracking, approvals, and scheduling.
- Built using React.js, Bootstrap, and JSON Server.

CopConnect - Police Service Portal

- MERN-based police service platform for complaint filing & case tracking.
- Authentication, role-based access, and appointment booking system.

E-commerce Platform

- Developed an online store using React, Redux, and Tailwind CSS.
- Implemented cart functionality, authentication, and product filtering.

36Studios Clone

- Recreated 36Studios website using GSAP animations, React.js, and Vite.
- Optimized animations and performance for smooth UI.
